## Bio:

### [Dutch]

Thrash? Ja zeker ja! Headless Hunter uit de gaten rondom Eindhoven is zeker niet bang om menig venue met de grond gelijk te maken. Deze party thrashers brengen niet alleen een stevige dosis Brabantse gezelligheid, ook gebroken botten en schorre stembanden zijn gegarandeerd. Invloeden uit crossover, death metal en natuurlijk een goeie ouwe pot (bay area) thrash worden samengevoegd tot een herkenbaar geluid met een modern randje.

Noem jij jezelf een thrasher? Dan zien wij jou in de pit!

### [English]

Thrash? Fuck yeah! Headless Hunter from Eindhoven is certainly not afraid to level the venues they pass to the ground. These party thrashers not only deliver a hefty dose of ferocious riffs, but also guarantee broken bones and shredded vocal cords. Influences from crossover, death metal, and of course good old (bay area) thrash are merged to create a recognizable sound with a modern edge.

Do you call yourself a thrasher? Then we'll see you in the pit!

# Mosherzero

<https://www.mosherzero.com/>

Mosher Zero is the DIY Thrash-Metal Label run by Heavy Kevy from Insanity Alert. Headless Hunter and Mosher Zero worked very hard together so they would be able to bring you "The Undertaker" in April of 2023, even available on vinyl since July 2023.

We are very proud of this release and can't wait to bring more hard hitting thrash metal to the masses
